Submission workbook — 2026-05-28

Proposal package — B1710 Office Refurbishment (Solicitation FA667526Q0002)

Solicitation: FA667526Q0002

Prepared by RK Residential Homes and Commercial Constructions, LLC

Bid: b1710-office-refurb-FA667526Q0002

Purpose. This workbook collects the submission-scaffolding files for this bid: SF-1442 / CSP / HSP fill guides, bid-bond letter templates, RFI cover letters, Reps & Certs pull guides, compliance acknowledgments, and the submission checklist. **USER TO FILL** markers are rendered red so you can audit gaps at a glance. This file is for internal use only — do not send it to the client. The client-facing executive-summary and full-proposal PDFs in this same folder are already placeholder-cleaned.

SF 1449 fill guide — FA667526Q0002 B1710 Office Refurbishment

Form correction from initial task brief: The original triage called this an "SF-1442" fill guide. The actual RFQ cover form is **STANDARD FORM 1449 (REV. 11/2021)** — Solicitation/Contract/Order for Commercial Products and Commercial Services — used because the procurement runs under FAR Part 12 (Commercial Items) + FAR Part 13 (SAP). The full unfilled form is at page 1 of Solicitation - FA667526Q0002.pdf.

Print page 1 from the source PDF, fill the offeror-required blocks (12, 17, 23, 24, 30), sign, scan, and attach as 01_SF1449_FA667526Q0002_BluePrintConstructs.pdf per the submission shape in 00-readme.md.

Block-by-block fill guide

The form headers Blocks 1–31. Per the form note at the top: "OFFEROR TO COMPLETE BLOCKS 12, 17, 23, 24, AND 30." These are the only blocks the offeror touches; everything else is government-pre-filled or completed by the CO post-award.

Blocks already filled by the Government (do NOT modify)

Blocks offeror MUST fill

Block 12 — Discount Terms

Value: **NET 30** (standard) — Blue Print Constructs offers no early-payment discount.

Format: write "NET 30" or check the prompt-payment box if available.

Block 17a — Contractor / Offerer Code (Name + Address)

RK Residential Homes and Commercial Constructions, LLC dba Blue Print Constructs 16283 Willowick Ln Frisco, TX 75033

Filled values from `firm/firm-profile.json`:

RK Residential Homes and Commercial Constructions, LLC DBA: Blue Print Constructs 16283 Willowick Ln Frisco, TX 75033 UEI: LM4YHVQ71QG7 CAGE: 9LET0 TELEPHONE NUMBER: (469) 213-1838

Address reconciliation note: Two addresses are on file for the firm — Frisco, TX 75033 (per BPC info.docx, SOS-filing address) and Little Elm, TX 75068-1210 (per the Commercial GL policy). Same street, Frisco/Little Elm border. Use the **Frisco 75033 address** for the SF 1449 to match the SAM.gov-of-record entity address. See `firm/firm-profile.json` → `registered_address`.

Block 17b — Remittance Address

Check ☐ CHECK IF REMITTANCE IS DIFFERENT only if payment is to be remitted to a different address than the offeror address in 17a. **For BPC: leave unchecked** (remittance = offeror address) unless the user surfaces a separate remittance address.

Block 23 — Unit Price

\$[AWAITING PRICE BUILD — see ../proposal/01-price-proposal.md]

This is the per-unit price for the 1 Lot. Same value as Block 24.

Block 24 — Amount

\$[AWAITING PRICE BUILD — see ../proposal/01-price-proposal.md]

This is the extended amount (unit price × quantity). Since quantity is 1 Lot, Block 23 = Block 24.

Block 30a — Signature of Offeror / Contractor

[Original ink signature — sign physically before scanning]

Block 30b — Name and Title of Signer

[USER TO FILL: signer name] [USER TO FILL: signer title]

Filled values:

Ravikiran (Rocky) Nudurupati Founder & Managing Director

Block 30c — Date Signed

[USER TO FILL: signature date — target 29 May 2026]

Blocks the Government completes on award (do NOT pre-fill)

Block	Field	Note
2	Contract Number	Government assigns at award
3	Award / Effective Date	Government enters at award
4	Order Number	Government enters at award (if blanket purchase)

6	Solicitation Issue Date	Pre-filled (or left blank as in this case)
17a — Facility Code	—	Government may enter
18a/18b	Payment Will Be Made By + Submit Invoices To	Government fills at award; F87700 per Sec G
26	Total Award Amount	Government enters at award

How to submit the SF 1449

1. **Print page 1** from Solicitation - FA667526Q0002.pdf.
2. **Fill blocks 12, 17, 23, 24, 30** by hand or in a fillable PDF editor (the SF 1449 is a fillable AcroForm — Adobe Acrobat or similar can fill the fields directly).
3. **Sign block 30a in ink** (or use a Adobe Sign / e-signature consistent with FAR 4.502 if Acrobat sign capability is configured).
4. **Scan / export to PDF** at 300 DPI.
5. **File-name:** 01_SF1449_FA667526Q0002_BluePrintConstructs.pdf.
6. **Attach to the offer email** as Attachment 1 per 00-readme.md.

Common errors → CO non-responsiveness finding

Error	How to avoid
Block 17 left blank or with mismatched address	Pull address from SAM.gov entity record; ensure city/zip matches
Block 30a missing signature	Sign physically in ink, then scan

Block 30b name/title not matching authorized signer in SAM	Rocky is the 100% owner-signer; SAM record confirms
Block 24 missing dollar sign / extended-amount formatting unclear	Use "\$XX,XXX.00" format with cents
Unsigned offer (some firms forget to sign the scanned PDF)	After scanning, open PDF and visually confirm signature is on the page
Date signed (Block 30c) is after the offer due date	Sign before 29 May 17:00; if signing on 29 May, sign in the morning, not at 16:59

Reps & Certs pull guide — FA667526Q0002 B1710 Office Refurbishment

This RFQ relies on **SAM.gov-posted representations and certifications** per:

- FAR 52.204-7 — System for Award Management Registration (Deviation 2026-O0038) — Section I
- FAR 52.204-13 — System for Award Management Maintenance (Deviation 2026-O0038) — Section I
- FAR 52.204-19 — Incorporation by Reference of Representations and Certifications — Section I
- DFARS 252.204-7998 — Alternate A, Annual Reps and Certs (Deviation 2026-O0043) — Section K (Reps & Certs)

The offeror does **not need to complete a paper reps-and-certs questionnaire**. Instead, the offeror confirms in the offer that its SAM-posted reps and certs are current, accurate, and incorporated into the offer by reference.

What to do (Wed 2026-05-27 PM)

Step 1 — Log into SAM.gov

- URL: <https://sam.gov/>
- Login with Rocky's SAM.gov user account (Rocky as the firm's E-Business POC per BPC's SAM registration)
- Navigate to **Entity Management** → **Active Registrations** → select Blue Print Constructs

Step 2 — Verify the following before submission

Check	Required value	Action if failed
Registration status	Active (green)	If Inactive: contact SAM.gov Federal Service Desk at 866-606-8220; cannot submit offer until Active
Registration expiration date	On or after 2026-05-29	If sooner: renew now; takes 24-48 hours typically
Reps & Certs last refresh date	Within 12 months of 2026-05-29 (so refresh date $\geq$ 2025-05-29)	If older: refresh in SAM; takes 3-10 business days to propagate — this is the longest-lead item and can block submission

NAICS 236220 in entity NAICS list	Yes	If missing: add 236220 to SAM (24-48 hour propagation)
Size representation at 236220	Small under \$45M	Confirm SAM's auto-calculation matches; if wrong, fix in SAM Reps & Certs
EFT (banking) info	Current	If outdated: refresh; takes 24-48 hours
TIN matches IRS records	Matched	If mismatch: contact IRS and SAM Help Desk; this is a separate process
Excluded Parties (debarment / suspension)	Not excluded	If excluded: this is a much bigger problem than a missed bid
FAR 52.212-3 Reps & Certs (commercial items)	Current and complete	Auto-handled when SAM Reps & Certs are current

Step 3 — Print / export the SAM entity-status page

- From the SAM entity page, click **View** → **Print** → **Save as PDF**
- Save as: 05_RepsAndCerts_SAM-screenshot.pdf for inclusion in the offer email packet (Attachment 5)
- The PDF should show:
- Firm legal name: RK Residential Homes and Commercial Constructions, LLC
- DBA: Blue Print Constructs
- UEI: LM4YHVQ71QG7
- CAGE: 9LET0
- Registration status: Active (green badge)
- Registration expiration date
- Date this status was last verified

Step 4 — Affirmative statement in the offer cover letter

In the offer cover email body (drafted in `11-rfi-cover-letter.md`), include this statement:

Per DFARS 252.204-7998 Alternate A, Deviation 2026-O0043 (Feb 2026), the offeror has completed the annual representations and certifications electronically via the SAM.gov website at <https://sam.gov>. The offeror verifies by submission of this offer that the representations and certifications currently posted electronically that apply to this solicitation are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to NAICS code 236220), as of the date of this

offer, and are incorporated in this offer by reference. The offeror represents that it is a Small Business concern under NAICS 236220 (\$45,000,000 size standard).

Firm-profile-derived data for reps & certs cross-reference

The following firm-side data is consistent with the SAM reps and certs and is referenced (not re-asserted) in this offer:

SAM-posted rep	Value (per firm/firm-profile.json)
Firm legal name	RK Residential Homes and Commercial Constructions, LLC
DBA	Blue Print Constructs
Address (registered)	16283 Willowick Ln, Frisco, TX 75033
UEI	LM4YHVQ71QG7
CAGE	9LET0
EIN	87-4292998
TX Taxpayer ID	32082600456
Phone	(469) 213-1838
Email	contactus@blueprintconstructs.com
Website	https://www.blueprintconstructs.com
State of incorporation	Texas
Year founded	2022
NAICS list	236115, 236116, 236118, 236210, 236220 , 238160, 238170, 238310, 238320, 238330, 238340, 238350, 561790

Reps & Certs that explicitly apply per Section K of THIS RFQ

Per Section K of Solicitation - FA667526Q0002.pdf (Representations, Certifications, & Other Statements — pages 21-23):

- **52.240-90** — Security Prohibitions and Exclusions Representations and Certifications (Deviation 2026-O0038)
- **252.203-7005** — Representation Relating to Compensation of Former DoD Officials — (handled in SAM)
- **252.204-7008** — Compliance with Safeguarding Covered Defense Information Controls — (handled in SAM)
- **252.225-7055** — Representation Regarding Business Operations with the Maduro Regime — (handled in SAM)
- **252.225-7059** — Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region-Representation — (handled in SAM)
- **52.209-2** — Prohibition on Contracting With Inverted Domestic Corporations-Representation — (handled in SAM)
- **252.204-7017** — Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation — (handled in SAM; offeror represents that it does NOT provide covered defense telecommunications equipment)
- **252.204-7998 Alt A** — Annual Reps and Certs (Deviation 2026-O0043) — **the umbrella clause that says SAM-posted reps suffice**

If any specific rep is required to be made on the offer paper (e.g., a foreign-ownership question that doesn't have a SAM-posted answer), the offer cover should include a section header *Additional Representations* with each rep restated and answered.

*Spot-check from the Section K reading: none of the Section K reps require paper completion when the offeror has SAM-current reps. **All Section K reps are satisfied by reference.***

Failure modes (the 4 ways this section can hose the offer)

1. **SAM goes Inactive between submission and award.** Mitigation: Rocky monitors SAM weekly during the award window; renews proactively if expiration is within 60 days.
2. **Reps & Certs lapsed > 12 months ago.** Mitigation: refresh TODAY; 3-10 BD propagation. If propagation hasn't completed by 29 May 17:00, offer is technically non-responsive on FAR 52.204-7 / 52.204-19 — flag to CO with an explanatory note that the refresh was initiated and is in-flight.
3. **NAICS 236220 not in SAM list.** Mitigation: add NAICS in SAM (24-48 hr); confirm presence Thu PM.
4. **Excluded Parties List shows BPC.** Mitigation: this should not be the case (no known exclusions per firm profile). If it appears unexpectedly, this is a separate process problem that requires resolution before any federal bid.

Bondability letter template — FA667526Q0002 B1710 Office Refurbishment

***What this is:** the request email to the bonding agent asking for a payment-bond commitment letter to attach to the offer (per FAR 52.228-13 Alternative Payment Protections, which requires a 100%-of-contract-price payment bond OR ILC within 10 days of award).*

***No bid bond required.** This RFQ does NOT cite FAR 52.228-1 (Bid Bond) — that clause is conspicuously absent from Section I. Only the post-award payment-bond clause (52.228-13) applies. A bid bond form is NOT a required attachment.*

[Bonding Agent Name],

I hope you're well. Blue Print Constructs is preparing an offer on an Air Force Reserve Command construction Request for Quote at NAS JRB Fort Worth, due **Friday, May 29, 2026, 17:00 CDT**. The clauses in the RFQ require us to deliver a **payment bond at 100% of the contract price** within 10 days of award, per FAR 52.228-13 Alternative Payment Protections. Alternatively, we may submit an **Irrevocable Letter of Credit (ILC)** for the same value.

I need a commitment letter from you (or the surety) confirming that you'll issue a payment bond for this project. Here are the project particulars:

Item	Value
Solicitation number	FA667526Q0002
Project title	B1710 Office Refurbishment
Issuing agency	Air Force Reserve Command — 301 LRS/LGC, NAS JRB Fort Worth, TX 76127
Contract type	Firm Fixed Price, single Lot
Estimated contract price (target)	\$90,000 – \$105,000 (per our internal estimate; range \$80K – \$130K)

Maximum estimated price (cap)	\$150,000 (to provide cushion)
Period of performance	10 calendar days from award to NTP + 90 calendar days from NTP to completion
Bond requirement	Payment bond at 100% of contract price, valid for PoP + 1 year
Surety capacity required	Cap of \$150K easily within prior demonstrated single-project capacity (\$1M procured for Lavon RV Park 2025)

What we need from you:

A commitment letter, dated on or after 27 May 2026, addressed to the Air Force Reserve Command Contracting Officer (Lydia Carlton, lydia.carlton@us.af.mil, FA6675 301 LRS LGC) that confirms:

1. Surety is willing to issue a 100% payment bond up to \$150,000 for this specific project.
2. Surety is listed on **U.S. Treasury Circular 570** (federal-acceptable surety listing) and meets the criteria of 31 CFR Part 223. (This is a hard federal requirement.)
3. Surety's **AM Best rating** is sufficient (A.M. Best rating of B+ or better is typical floor).
4. Surety can issue the bond within 10 days of award notification.
5. Surety acknowledges Davis-Bacon flow-down and the 100-day total PoP.

If preparing the bond rather than a letter of intent makes more sense, that works too — but the letter of intent is the typical artifact attached to federal offers at this scale.

If your surety capacity is in cards form (Treasury T-listed bond agency), please indicate the surety's name in the commitment letter; the AF Contracting Office may verify the Treasury listing directly.

Timeline: I'd really appreciate having the commitment letter in hand by **Thursday, May 28, 2026, 17:00 CDT** so I have a buffer day for the offer assembly. I'll send the offer email Friday 29 May at 15:00 CDT with all attachments compiled.

Thanks for the quick turn on this — happy to jump on a quick call if there's anything you need clarified.

Commitment-letter template (what BPC asks the agent to provide)

This template can be used as a starting point if the agent doesn't have their own standard form. **The agent / surety needs to produce the actual letter on their letterhead — this is just a model.**

[Bonding Agent Letterhead] [Date – must be 27 May 2026 or later, before 29 May 2026]
 Contracting Officer Lydia Carlton Air Force Reserve Command – 301 LRS/LGC 1637 Carswell Ave, CP 817 782 7556 NAS JRB, TX 76127-6200 lydia.carlton@us.af.mil Re: Solicitation FA667526Q0002 – B1710 Office Refurbishment Payment-Bond Commitment for RK Residential Homes and Commercial Constructions, LLC dba Blue Print Constructs Dear Contracting Officer Carlton, This letter confirms that [Surety Name], a U.S. Treasury Circular 570 listed surety with an AM Best rating of [Rating], is prepared to issue a 100% Payment Bond on behalf of RK Residential Homes and Commercial Constructions, LLC dba Blue Print Constructs (UEI LM4YHVQ71QG7, CAGE 9LET0) in connection with any contract resulting from Solicitation FA667526Q0002, up to a maximum contract value of \$150,000. The payment bond will: - Cover 100% of the contract price as required by FAR 52.228-13 - Be issued within 10 calendar days of contract award - Provide protection through the contract performance period plus one year thereafter - Acknowledge Davis-Bacon Act flow-down requirements per FAR 52.222-6 Blue Print Constructs holds a current bonding relationship with our firm, with single-project bonding capacity demonstrated through the \$1,000,000 performance bond procured for the Lavon RV Park project (2025). Blue Print Constructs is in good standing. Should you need additional verification or have questions, please contact me at [Phone] or [Email]. Sincerely, [Bonding Agent Name] [Title] [Bonding Agency Name] [Phone] · [Email]

Alternative — Irrevocable Letter of Credit (ILC)

If the surety route is not available, BPC may submit an ILC from the firm's banking relationship. The ILC route is structurally equivalent under FAR 52.228-13:

- 100% of contract price
- Valid for performance period plus 1 year
- Irrevocable (cannot be modified or canceled without CO consent)
- Issued by a bank acceptable to the U.S. Government (typically the firm's bank-of-record)

If pursuing ILC instead: Rocky contacts the firm's bank-of-record (currently **[USER TO FILL]** per `firm/firm-profile.json` → `banking.bank_name`) for an ILC issuance quote.

Bid bond form template — FA667526Q0002 B1710 Office Refurbishment

NOT APPLICABLE — This RFQ does NOT require a bid bond

This file is included for cross-workspace consistency (so reviewers can spot-check that bid-bond mechanics were considered). For B1710 specifically, **no bid bond is required**.

Evidence

- **FAR 52.228-1 (Bid Bond)** is **not cited** in Section I (Contract Clauses) of Solicitation - FA667526Q0002.pdf. We searched the full 25-page PDF; the clause is absent.
- The form SF 1449 used here (commercial items) does not have a bid-bond block. SF 24 (Bid Bond form) is not in the package.
- **What IS required** is a *post-award* payment bond per FAR 52.228-13 Alternative Payment Protections (Section I, p.17). That is handled via 06-bondability-letter-template.md.

Why bid bonds aren't here

This is a Simplified Acquisition Procedure (SAP) RFQ under FAR Part 13 + Part 12 (Commercial Items), with an estimated contract value almost certainly in the \$25K-\$150K band. FAR 28.101-1(a) requires bid guarantees only when a performance bond or P&P bond is also required (which they aren't for this size of work — see FAR 28.102-1(a)(1) Miller Act threshold of \$150,000 for P&P bonds on construction).

Instead, the CO chose the **alternative payment protection** route under FAR 28.203-3 / 52.228-13, which requires only a *payment* protection (bond OR ILC OR escrow OR tripartite agreement), valid post-award, within 10 days. No bid-time guarantee required.

What to do

Nothing — leave bid-bond mechanics out of the offer packet. Do NOT include an SF 24 even as a "just in case" gesture; including unrequired forms can confuse the CO's compliance check.

Cross-workspace reference

The sister bids/cmd-post-ndi-w50S7626QA001/ workspace **does** require a bid bond (per its Section L paragraph (a)(2) NOTE — 20% of bid or \$3M whichever is less). That workspace has the full bid-bond mechanics. **Do not import that complexity here.**

If the CO surprises us with an amendment requiring a bid bond

Unlikely but possible: if the CO issues an SF 30 amendment before 29 May 17:00 that adds a bid bond requirement, we'd need to scramble to obtain an SF 24 signed by the bonding agent and the offeror. In that case: 1. Amendment SF 30 → acknowledge per FAR 52.214-3 / 52.215-1 2. Bonding agent issues SF 24 with surety's corporate seal 3. Submit SF 24 with the offer email packet

We monitor lydia.carlton@us.af.mil for amendments through Fri 14:00 to catch any such surprise.

Davis-Bacon compliance — FA667526Q0002 B1710 Office Refurbishment

*This is a **construction** RFQ, not a service contract. **Davis-Bacon Act (DBA)** applies, not Service Contract Act (SCA). FAR 52.222-6 (Construction Wage Rate Requirements, Deviation 2026-O0038) is incorporated in Section I.*

1. Applicable Wage Determination

- **WD Number:** TX20260270
- **Modification:** 0
- **Publication Date:** 02 Jan 2026
- **County:** Tarrant County, TX
- **Construction Type:** Building Construction
- **Source in RFQ package:** Attachment 03 (the WD PDF)

Full trade-rate detail is in `../10-prevailing-wages.md`.

2. Offeror's compliance posture (cover-letter statement)

Blue Print Constructs commits to compliance with FAR 52.222-6 (Construction Wage Rate Requirements, Deviation 2026-O0038) and the applicable Davis-Bacon Wage Determination TX20260270 throughout the period of performance. All on-site laborers and mechanics will be paid the applicable prevailing wage and fringe benefit rates set forth in the WD. Weekly certified payrolls (WH-347) will be submitted to the Contracting Officer per FAR 52.222-8, with a Statement of Compliance (WH-348) signed by the firm's principal. All subcontractors will be subject to flow-down of the same Davis-Bacon obligations per FAR 52.222-11. Payroll records will be maintained for three years post-completion per the Copeland Anti-Kickback Act and FAR 52.222-10. In the event a trade classification needed for this work is not on the WD, Blue Print Constructs will request a Conformance via SF 1444 through the Contracting Officer per 29 CFR 5.5(a)(1)(ii) and FAR 22.406-3.

3. Mechanics during performance — checklist

#	Action	Frequency	Owner
1	Post the WD at the jobsite (printed copy of Attachment 03 visible at site office)	Once at NTP	Site superintendent (Rocky)

2	Post DOL "Notice to Employees" wage-theft poster + EEO poster + Davis-Bacon poster	Once at NTP	Site superintendent
3	Submit weekly WH-347 certified payroll for the prime and each sub	Weekly	PM
4	Sign WH-348 Statement of Compliance (signed by principal Rocky N.) attached to each WH-347	Weekly	PM
5	Maintain payroll records for 3 years post-completion	Continuous	Contracts admin
6	If a trade classification not on WD is needed, request Conformance via SF 1444	As needed	PM
7	Flow down Davis-Bacon to all subcontractors per FAR 52.222-11	Once per sub	PM
8	Apprentice-to-journeyman ratio tracking per FAR 52.222-9	Continuous	PM
9	If site labor disputes arise, manage per FAR 52.222-14 (Disputes Concerning Labor Standards)	As needed	PM

4. Why this matters for the offer

- **Section M considers technical understanding.** A clean Davis-Bacon affirmative in the offer demonstrates understanding of the regulatory regime and reduces CO concern about a small-business offeror underpricing labor.

- **A cost build-up that ignores DBA rates is a red flag.** Pricing labor at non-prevailing rates would either (a) underprice the bid (CO sees as irresponsible) or (b) lead to post-award certified-payroll non-compliance + funds withholding.
- **Davis-Bacon labor uplift is already baked into the price proposal** per ../10-prevailing-wages.md § G and ../09-price-references.md.

5. Subcontracting flow-down

If BPC subs out any portion of the work (e.g., flooring install per the strategic option in ../04-evaluation-strategy.md §6), the sub must: - Pay DBA-compliant rates - Submit weekly WH-347 certified payroll (prime collects and submits with prime's payroll) - Sign WH-348 Statement of Compliance - Maintain records for 3 years post-completion

The prime contractor is **responsible for sub compliance** per FAR 52.222-11. Sub progress payments are conditioned on receipt of certified payroll.

6. Common Davis-Bacon pitfalls (to avoid)

Pitfall	Avoidance
Paying carpet installer the "Laborer" rate instead of "Floor Layer" rate	Use exact WD trade titles; default to the higher rate if classification is ambiguous
Misclassifying journeyman as apprentice to save cost	Track apprentice-to-journeyman ratio per registered apprenticeship program; fines for misclassification are 1.5× back wages + civil penalties
Rolling fringe into base rate without disclosure on WH-347	Show fringe as separate line item: either cash-paid or paid-into-bona-fide-plan
Submitting WH-347 1+ weeks late	Submit every Monday for the prior week; even 1-week delay triggers CO funds withholding under 52.222-8
Sub neglecting to submit WH-347	Prime holds sub progress payment until WH-347 received
Using a non-DOL apprenticeship program	DOL or State Apprenticeship Agency-registered programs only per FAR 52.222-9
Not posting the WD at the jobsite	Print + display the Attachment 03 PDF in a visible site office location

Working employees over 40 hrs without overtime per Contract Work Hours and Safety Standards Act	CWHSSA requires 1.5× for hours over 40/week; some federal CO's add this to flow-down
--	---

7. Affirmation to include in the offer cover letter

In the offer cover email (drafted in 11-rfi-cover-letter.md), include this statement:

Blue Print Constructs has read the Construction Wage Determination TX20260270 (Tarrant County, Building Construction, Mod 0, 02 Jan 2026) and confirms that all labor costs in this offer comply with that WD, including the requirement to pay all on-site laborers and mechanics the prevailing wage and fringe benefits applicable to their trade classification. Weekly certified payroll will be submitted to the Contracting Officer per FAR 52.222-8.

Site visit attendance memo — FA667526Q0002 B1710 Office Refurbishment

What this memo documents: the offeror's reasonable diligence in attempting to coordinate a pre-submission site walk at Building 1710, in light of the SOW's site-visitation requirement and the absence of a Government-scheduled site walk.

1. SOW site-visitation language (verbatim)

From SOW §SITE VISITATION (SOW for B1710 Office Refurbish.docx):

"Prior to submitting proposals, potential contractors shall walk the facility to confirm all spaces and measurements are accurate and understood."

2. Government scheduling of site visit — NONE OFFERED IN PACKAGE

The RFQ package (5 attachments + the Solicitation PDF) **does NOT contain**: - A scheduled site-visit date/time - A site-visit POC name + phone for base-access sponsorship - A pre-bid conference announcement

Section L (Instructions to Offerors) and Section M (Evaluation Factors) of the Solicitation do not reference a site visit. The only POC contact information in the package is:

- Lydia Carlton (CO) — lydia.carlton@us.af.mil — 817-782-5190
- Todd Benner (alt CO POC) — todd.benner@us.af.mil
- Steve Munnell (Place of Performance POC) — steven.munnell@us.af.mil — 817-782-7697

3. Offeror's diligence — RFI submission

On **Thu 2026-05-28** (day after scaffold creation; planned per ../01-bid-prep-checklist.md Gate 3.1), Blue Print Constructs submitted an RFI (see 11-rfi-cover-letter.md) to the CO (cc alt POCs) requesting:

1. Whether a coordinated site walk is being offered before the 29 May 17:00 deadline
2. If yes, the date/time and POC for base-access sponsorship
3. If no, the CO's expected interpretation of the SOW site-visitation clause for offerors who cannot complete a site walk in the available window

4. Base-access constraint (why site walk is unlikely in window)

NAS JRB Fort Worth is a Joint Reserve Base under Navy installation command. Base access for contractors who are not previously vetted requires:

- Personnel base-access submission package: name, DOB, SSN (last 4), citizenship, valid REAL ID compliant ID

- Sponsor coordination (typically the project COR — Steve Munnell)
- Background-check lead time: **3-5 business days minimum**, longer if a personnel-security-check is required

With the offer due 29 May at 17:00 and the RFI submitted 28 May AM, the earliest possible base-access vetting completion would be ~02 June — i.e., **after** the offer deadline.

Conclusion: A pre-submission site walk is **structurally infeasible** in the available window, absent special CO action.

5. Offeror's response — field-verify-after-award + 5% contingency

Per `../07-risk-register.md` R2 (likelihood 3 × impact 4 = score 12), the offeror's pricing reflects:

1. **SOW-stated quantities** (3,500 SF flooring per SOW §A; per-room SF derived from floor plan annotations).
2. **5% quantity contingency** on the direct-cost subtotal, justified by the no-site-walk posture.
3. **Field-verify-after-award** built into the 90-day schedule (02-technical-acceptability.md §3): week 1 includes "Mobilization: base-access submission for personnel; commercial vehicle gate procedure; receive site survey + verify quantities."

6. Reservation of rights under FAR 52.236-2 and 52.236-3

The offeror acknowledges that:

- FAR 52.236-2 (Differing Site Conditions) applies. If, upon field verification post-NTP, materially different conditions are discovered (e.g., additional floor leveler needed, additional patch areas not visible in the SOW, etc.), the offeror will notify the CO in writing per the clause's requirements and seek an equitable adjustment if appropriate.
- FAR 52.236-3 (Site Investigation and Conditions Affecting the Work) is acknowledged.
- Because no Government-scheduled site visit was offered in the bidding window, **the SOW-stated quantity (3,500 SF) is the basis of the offered price**, subject to field-verification under FAR 52.236-2 if material variance is discovered.

The offeror believes this approach is consistent with the SOW intent and the CO's expectation; the RFI submitted on 28 May is documentation of the offeror's good-faith attempt to coordinate.

7. If the CO does offer a site walk after this offer is submitted

If the CO replies to the RFI with a site-walk offer scheduled in the next 24-48 hours (Fri 29 May), the offeror will:

1. Attempt to attend on a name-submitted basis
2. If attendance is feasible, walk the facility before 14:00 Fri 29 May (allowing 1 hour buffer to revise the offer if material variance is observed)

3. If post-walk reveals materially different conditions than the SOW-stated quantities, submit a revised offer with updated price before the 17:00 deadline

If the CO replies with a site-walk offer after the 29 May deadline (i.e., scheduled for early June), the offeror will:

1. Treat the offer-as-submitted as the binding offer
2. Plan to field-verify post-NTP per the schedule narrative
3. Seek equitable adjustment under FAR 52.236-2 if variance found

8. Sign-off

This memo is informational; it is **not a formal attachment to the offer**. It is preserved in the bid workspace as documentation that the no-site-walk pricing assumption is grounded in reasonable diligence.

Authored: 2026-05-27, scaffold creation pass. **To be updated:** with the actual RFI send date/time and the CO's response (if any).

Submission checklist — FA667526Q0002 B1710 Office Refurbishment

Final pass: Fri 2026-05-29 morning. Send target: 15:00 CDT. Hard deadline: 17:00 CDT.

Walk through this checklist Fri AM with Rocky present. Mark each item with initials + time as completed.

A. Pre-flight (Fri 08:00-09:00)

A. RFI email (Thu 2026-05-28 AM)

To: lydia.carlton@us.af.mil **CC:** todd.benner@us.af.mil; steven.munnell@us.af.mil **Subject:** RFI — FA667526Q0002 (B1710 Office Refurbish) — 6 clarifications — Blue Print Constructs

Dear Ms. Carlton,

Blue Print Constructs (RK Residential Homes and Commercial Constructions, LLC dba Blue Print Constructs, UEI **LM4YHVQ71QG7**, CAGE **9LET0**) is preparing an offer in response to Solicitation FA667526Q0002 (B1710 Office Refurbishment at NAS JRB Fort Worth), due 29 May 2026 at 17:00 CDT.

In support of preparing a responsive and accurately-priced offer, we request clarification on the following items. We have used the attached Request For Information Form.pdf (Attachment 05 of the RFQ) as the format basis.

Site walk coordination. Section "SITE VISITATION" of the SOW states *"Prior to submitting proposals, potential contractors shall walk the facility to confirm all spaces and measurements are accurate and understood."* No site-walk date, time, or POC for base-access sponsorship is listed in the RFQ package. Is the Contracting Office offering a coordinated site walk in advance of 29 May 17:00? If yes, please provide the date/time and the base-access sponsor POC. If no, please confirm whether offerors are expected to price based on the SOW-stated quantities (3,500 SF) with FAR 52.236-2 (Differing Site Conditions) as the post-award remedy for material variance.

Primary submission email. Section G p.10 lists lydia.carlton@us.af.mil and todd.benner@us.af.mil as the WAWF-question POCs. Please confirm lydia.carlton@us.af.mil is the correct email address for submission of the completed offer packet on or before 29 May 17:00 CDT.

Paint color — exact match required? SOW Item C specifies the paint color as *"Agreeable Gray"*. This is the common name for Sherwin-Williams SW 7029. Please confirm whether the Contracting Office requires SW 7029 specifically, or whether any brand color-matched to SW 7029 (e.g., Benjamin Moore, Behr, PPG) is acceptable as an or-equal.

Carpet tile — Shaw at spec vs or-equal. SOW Item B specifies Shaw **Constellat EW24**, Style 59326, Color 26110 Moonlight Grade A, **Dye Lot H6958**. The SOW also says "Shaw or other accepted contractor submission." Two clarifications: (a) is the dye lot H6958 a hard requirement (e.g., matching an existing carryover stock the Government holds), or is any current production lot of color 26110 Moonlight Grade A acceptable? (b) confirm "or accepted contractor submission" permits an or-equal substitution (Mohawk SmartStrand, Interface 24×24, etc.) subject to AF IMT 3000 approval.

Acceptance period. FAR 52.212-1 default acceptance period for commercial-item solicitations is 30 calendar days from offer due date. SF 1449 Block 13d is not pre-filled with an acceptance-period value. Please confirm 30 calendar days is the minimum acceptance period for this RFQ.

AF IMT 3000 — pre-procurement vs post-procurement. SOW §SCHEDULE OF SUBMITTALS lists "Carpet and Cove Base samples" and "Paint color code options" for government selection. Please confirm whether the AF IMT 3000 form is submitted (a) post-NTP for material approval before procurement, or (b) with the offer as part of the technical proposal.

Thank you for your time. We respect that responses to RFIs typically take 2-3 business days to issue and we are submitting this RFI on 28 May 2026 with the offer deadline of 29 May at 17:00 in mind. Any answers we receive between submission and offer-close will inform our final offer or a SF 30 amendment acknowledgement as appropriate.
